

# Ones and Tens!

© 2015 by Ron Brown, Intelli-Tunes

Place value, place value  
Ones and tens!  
Place value, place value  
Ones and tens!

Two digits together  
Like two good friends

The ones are on the right  
And, next are the tens.

The ones count the digits 0 to 9  
The tens count the digits worth ten each time.

Place value, place value  
Ones and tens.  
Place value, place value  
Ones and tens.

Ones tens! Ones tens!
