

## Number Eating Alligator

There once was a number eating alligator.  
He didn't like pizza or mashed potatoes.  
A hungry number eater  
And nothin' was sweeter  
Than to chomp those numbers down.

At eatin' time the gator  
Was always thinking greater  
When two numbers came around.

He'd compare the two  
Then decide to chew  
The greatest one right down.

Mr. Alligator  
Open wide and chomp, chomp, chomp

Mr. Alligator  
Open wide and chomp, chomp, chomp  
The greatest number down.
